

## AKB / More Than Enough Church Assessment

This assessment done in partnership with CAFO (Christian Alliance for Orphans) will help your church assess how you are doing in 6 foster care ministry categories: recruitment, communication, prayer, relational support, tangible support, and leadership.

You will receive a Personalized Church Foster Care Engagement Report immediately at the end of the assessment with tips and connection to resources for growth. You can also sign the More Than Enough Campaign Declaration, being part of a national movement.
